

Cemetery working party meeting

Attendance

TE, JB (JC unable to attend due to last minute issue)

The grass cutting is looking great please could you pass this onto contractors.

Leaky taps

**Issues still outstanding or needs attention.**

- Area just inside gate to the right needs clearing and then levelling and grass seeding
- Side gate needs replacing
- Metal pole beside shed needs removing
- Tree stumps where been removed needs filling with soil and grass seeding
- Various stones around the edge of cemetery needs removing

**Down by baby area**

- Flower garden needs clearing and replanting
- Bench needs end cutting off

Section a

- Where shrubs have been cut down needs clearing, levelling and reseeding
- Big flowerbed needs clearing and planting, this does not need to be removed now as bench is going other side and not enough room for plots to go in there.

Section b

- Where shrubs have been removed needs clearing relevelling and grass seeding
- Bench beginning installed in a few weeks

Section c

Bench being installed in a few weeks

Section D

Surround still encroaching

Section e

Shrubs at bottom need strimming back

Flower bed by remembrance stone needs weeding and tidying up

### **Section g**

Surround been left by stone mason needs removing

### **Garden of rest**

Needs markers in sold plots so that new plots know what space they have, this could be done very simple with a paint mark ect

Edging stones need looking at, discussed previously for Allan Roberts to quote.

Over all the cemetery is looking very nice.

All paths need clearing of moss

Gully covers

Various pots around the cem, could they be placed in one area.
