

Hi Lynn,

Great speaking with you today,

I enjoyed learning about your business and how BrightHR might be able to help you. Below is a quote for your business to access BrightHR, based on your current total employee number.

What is BrightHR? ?

To recap our conversation, BrightHR is dedicated HR software for business. With features such as cloud-based document storage, electronic time keeping, absence management, roster planning, expenses and training, it can help you attend to a range of complex and time consuming HR tasks.

We'll support you every step of the way ?

To get you started, we offer a welcome call with a BrightHR specialist, to introduce you to your chosen services, as well as a whole host of how-to videos, user guides, FREE webinars and more and if you still need a helping hand, we offer unlimited phone-based support.
